Size Charts

We are a little bit obsessed with fit. All our patterns are created in our NYC showroom, and every style goes through multiple fittings to make sure that the fit is going to be what our customer expects. Some styles are designed and cut with more room and some with a slimmer fit and these are designated with a description as to how that style will fit on the body measurements listed below. If you have any questions about fit or need help selecting your size, please don't hesitate to email us at: info@janetnelsonkumar.com
